PROFESSIONAL SUMMARY

Six years originating and closing **cross-border deals** from Korea, working as foreign-affairs aide to a former National Assemblyman across the National Assembly and two top-tier Korean law firms (Lee & Ko, HMP Law). At Lee & Ko, ran a Korea–Middle East **business-development practice** that matched Korean industrial and financial clients with UAE sovereign-wealth and ministry-level counterparts; built the account base from cold introduction through co-investment LOIs and signed MOUs. Earlier deal origination spanned energy (Iraqi LNG EPC sourcing), heavy industry (Nigerian steel acquisition), defense (Hyundai Rotem engagement), and healthcare (SNU Dental Hospital × Mubadala Health). **Trilingual: professional Mandarin (Samsung-expat childhood in mainland China), fluent English (US K–12 through college), native Korean** — comfortable in senior commercial conversations across all three. Started inside Apple's ecosystem at Concentrix Korea as a Tier 4 Senior Advisor, so multinational operational standards are familiar from inside.
